

KENSINGTON, LONDON

COMPLETED

This 100 bed student housing facility has been transformed from a low budget hotel into a premier modernized student housing facility. Located in the prestigious Kensington area of London, the renovation project includes the restoration of the historical façade and mansard roofing system along with the construction of state of the art computer rooms, classrooms, modern kitchens, and living facilities. From site selection to delivery of a furnished facility, TJAC is responsible for all aspects of this development. The building features amenities such as:

- Individual bathrooms in each unit
- Shared kitchens per floor
- Common dining areas
- Shared living areas and entertainment lounge
- Multi-purpose classrooms
- Laundry facilities
- Storage for student luggage and equipment
- Building wide WiFi
